

Class 4 Assessment Weight Details for supplied vehicles.

If you are completing the Class 4 NZTA Approved Driver Licence Course using your own vehicle, your vehicle must meet all NZTA requirements:

- Current Certificate of Fitness and COF labels displayed on the windscreen.
- Current Road User Charges licence or E-road.
- Current vehicle licence displayed.

Assessment cannot take place if any of the above conditions are not met.

Vehicles must be loaded as follows:

Class 4 Trucks

6x4 Trucks must be loaded to a weight of **19,500 kg**.

8x4 Trucks must be loaded to a weight of **22,500 kg**.

Class 4 Buses

Buses used for Class 4 assessments must have seating for at least 20 passengers plus the driver (21 people in total). This includes articulated (bendy) buses.

Load Restraint Requirements

The load must be properly restrained to the requirements of the Truck Loading Code for the assessment to take place:

- The combined rated strength of all the restraints for loads baulked against the headboard must be equal to the weight of the load.
- For loads not against the headboard, the combined rated strength of all the restraints must be equal to twice the weight of the load.
